Two snow days are built into the calendar (May 27 & 28). These days are additional days included at the end of the school year, but are not included in the count for school days. If the two "snow days" are not needed, students' last day would be Wednesday, May 26 and Kindergarten Orientation will be adjusted to be the last three days of school.

If more than two snow days are needed, they will be added beginning with June 1.
